

Pre-order Terms & Conditions

The present terms and conditions apply for the pre-order of a complete custom motorcycle project between BAAK USA and the customer in the United States.

Pre-Order Process:

A pre-order is only considered valid once the form has been submitted at laura@baakusa.com and the 50% down payment has been received (whether by wire transfer or paypal) by BAAK USA (Entity Number: C4600947). Complying with the two previously mentioned conditions means acceptance of the present Terms & Conditions and will secure a position for a complete custom project build in our Los Angeles workshop. The pre-order application can be filled on the following blog post on BAAK website : <https://blog.baakmotorcyclettes.com/en/baak-usa-pre-order-motorcycle/>

Pre-Order Cancellation:

BAAK only sells custom motorcycle to final customers and reserves the right to refuse or cancel any pre-order done with the intention to re-sale and make a profit out of it. Both parties have the right to terminate and cancel the present pre-order contract with no justification or penalties. Thus the 50% down payment would be returned in full.

Project Details and configuration:

Accepting the present Terms & Conditions does not yet defines your custom project. The detailed configuration of your motorcycle will be done in the following weeks after your pre-order has been accepted and validated. BAAK USA team will then contact you to set everything up.

For any reclamation or question on the present Terms & Conditions, please contact Laura at laura@baakusa.com.
